

In compliance with Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR), this certificate applies to the construction product

## Execution of steel structures and aluminium structures – Part 1: Requirements for conformity assessment of structural components

Structural design and production of steel structural components for structural use in all types of construction works. Execution class EX1 till EXC3, manufacturer provided component specification (MPCS) for structural design and calculations and declaration of component properties in accordance with method 2 and 3b. Welding of steel using method Mag 135 and 136 according to ISO 4063 in materials up to strength class S420.

placed on the market under the name or trademark of

### Oppland Stål AS

Ottadalsvegen 1630  
NO-2682 Lalm, Norge

and produced in the manufacturing plant  
same as above

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in annex ZA of the standard

### EN 1090-1:2009+A1:2011

under system 2+ are applied and that

**the factory production control is assessed to be in conformity with the applicable requirements.**

This certificate was first issued on 2023-02-20 and will remain valid as long as neither the harmonised standard, the construction product, the AVCP methods nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the notified factory production control certification body.

Issued by notified body 0402.

The validity of this certificate can be verified on our website.
